

Calendar Year (CY) 2020 Public Housing Management Fee Table

The Financial Management Division (FMD) has released the CY 2020 80th percentile management fees for public housing. **Table 1** represents the 80th percentile of management fee paid in HUD’s multifamily housing programs based on the most recently filed 2018 and 2019 Annual Financial Statements (AFS). Nationally, the 80th percentile management fee is \$62.57 per unit month (PUM), and the admin fee is \$206.77 per unit month (PUM).

PHAs may use the amounts from this table to establish the “reasonable” fee charged to each project. In some field offices, the fee decreased from the 2019 actual schedule. These field offices are identified in Note 2 of Table 1. However, Table 1 has been adjusted to reflect the higher of the 2019 and 2020 generated fees.

As a reminder, the amounts in the fee table have already been adjusted for occupancy. In other words, the amounts published represent fees paid for each occupied unit/allowable vacancy. Small Public Housing Agencies (PHAs) that elect to implement asset management without a Central Office Cost Center (COCC) are governed by “reasonable” total administrative costs¹. **Table 2** represents the 80th percentile of administrative costs paid in HUD’s multifamily housing programs based on the 2018-2019 AFS. In some field offices, the administrative costs decreased from the 2019 actual schedule. These field offices are identified in Note 1 of Table 2. However, Table 2 has been adjusted to reflect the higher of the 2019 and 2020 cost schedules.

These fee tables are effective from January 1, 2020.
